

OUR YOUTH ARE OUR FUTURE

Supporting young HVAC professionals ensures a vibrant and energetic future for our industry. ASHRAE supports the continued professional development of our young engineers and designers by providing opportunities for networking, mentorship, and access to leading industry experts.

Invest in the Future: Sponsor a Student!

With your sponsorship of \$20, a student will receive a one year student membership with ASHRAE. Every sponsorship will be formally acknowledged by the ASHRAE Northern Alberta Chapter. Any additional funds collected will be put towards discounted books for our student members. This is an ongoing venture for our chapter, and the support of our membership is essential to its success!

To sponsor a student go to:

www.ashraenac.org/rsvp

For more info go to:

www.ashraenac.org,

or e-mail: studentactivities@ashraenac.org
